210 HEALTH CARE

The District health care program is self-funded. Program costs are solely a product of administrative expenses and actual claims experience as reported in the District's final annual CAFR.

A Health Care Program Committee (HCPC) shall be composed of four (4) representatives selected by the Kenai Peninsula Education Association, three (3) representatives selected by the Kenai Peninsula Education Support Association, one (1) representative selected by the Kenai Peninsula Administrator Association, and three (3) current employee representatives selected by the Superintendent. The Health Care Committee shall select a chairperson from its membership. The Plan Administrator and Benefits Manager are non-voting advisors to the committee. The HCPC shall select a chairperson from its committee of voting members.

A quorum for the meetings shall require no fewer than nine (9) committee members. The Health Care Program Committee will conduct a formal vote on any matter that could impact the cost or benefits of the health care program or on any matter that would require a change in the summary plan description. Formal votes shall require an eighty percent (80%) vote of the total voting committee members to pass.

The committee shall annually review by-laws in September of each year unless the committee deems that an alternate time would be better. The committee will meet monthly unless this is changed by the committee members in accordance with the committee's by-laws.

The Health Care Program Committee shall be empowered to determine health care benefits different from benefits in the plan in place on ~~January 1, 2013~~ July 1, 2015. The committee will determine and control the health care program for all District employees covered by the program during the term of this agreement including but not limited to the following: benefits and coverage provided, cost containment measures, preferred provider programs, co-payment provisions, evaluating other health insurance programs, and implementing any wellness measures it deems beneficial to employees and the health care program. The District shall not be required to adopt changes made by the HCPC which would result in violations of established laws or regulations.

The Health Care Program Committee shall be advisory to matters related to Broker selection, Third Party Administration and Stop-Loss insurance.

The District shall not be required to adopt changes made by this committee which would result in violations of established laws or regulations.

The District agrees to work with the Health Care Program Committee to provide reasonable time for meetings and provide adequate support, including an expert health care consultant for plan design. Administrative leave will be provided for all participants.

Members who have alternative health insurance coverage meeting the minimum ACA requirements may elect to waive their entitlement to District provided health insurance coverage. Alternative health insurance coverage shall not include District provided coverage which the member is entitled to by reason of his/his status as a spouse or dependent of a District employee who is covered by the District's health insurance plan.

The Affordable Care Act (ACA) will be assessing a 40 percent excise tax on high-cost health plans that exceed the annual limit of \$10,200 for individual coverage and \$27,500 for self and spouse, self and children, or self and family. To minimize costs to the health plan, a two-tier structure meeting the ACA criteria will be established for the health plan effective July 1, 2015.

	Traditional Health Plan (85/15)	High Deductible Health Plan (90/10)
Deductible	\$200 / Individual \$600 / Family	\$1,500 / Individual \$3,000 / Family
Out of Pocket (Not including deductible)	\$1,000 / Individual \$3,000 / Family	\$2,000 / Individual \$4,000 / Family
Health Reimbursement Arrangement (HRA)	None	\$750 / Year

Total District dollar share of health plan costs is based on the negotiated District percentage as applied to actual plan costs. The District will make contributions to the health care program for each participant on a 12-month basis as follows:

FY13 — 80% per eligible employee per month

FY14 — 83% per eligible employee per month

FY15 — 85% per eligible employee per month

FY16,7, FY18, FY19. Traditional Health Plan 85% per eligible employee per month
High Deductible Plan 90% per eligible employee per month

In FY18 and FY19, the District's contribution to the Traditional Health Plan shall be no more than \$1731.45/month. If the District's contribution exceeds \$1731.45/month, the Employee shall be responsible for any amount over \$1731.45/month.

In FY18 and FY19, the District's contribution to the High Deductible Health Plan shall be no more than \$1645.61/month. If the District's contribution exceeds \$1645.61/month, the Employee shall be responsible for any amount over \$1645.61/month.

The District will independently calculate ~~their~~ its contribution amount separately for both Traditional Health Plan and the High Deductible Health Plan and report the amounts to the health care committee.

Total employee dollar share of health plan costs is based on the negotiated employee percentage as applied to actual plan costs. Employee participants will be responsible to the health care program on a 12-month basis as follows:

FY13 — 20% per eligible employee per month

FY14 — 17% per eligible employee per month

FY15 — 15% per eligible employee per month

FY16,7, FY18, FY19. Traditional Health Plan 15% per eligible employee per month

The health care subcommittee comprised of KPEA, KPESA, and KPAA HCPC representatives, shall determine the employee contribution amount ~~separately for both the Traditional Health Plan and the High Deductible Health Plan~~. The formula to calculate the rate, established by KPEA/KPESA bargaining team is set out in Appendix A.

Health Care Reserve Account: A separate employee health care reserve account shall be established and maintained. The initial amount in this account as of July 1, 2012 ~~will be~~ \$1,246,835. ~~This amount is based on the 2012 CAFR health care reserve account balance of \$3,603,193 divided by two and subtracting \$554,762 (the employee's portion of the rate holiday)~~. Any interest gained on this account shall be retained in this account. \$750,000 of the employee health care reserve account shall be set aside for use at year end for payment of the employee portion of program costs that exceed employee deposits. If the employee health care reserve falls below \$750,000, an amount needed to replenish the fund to \$750,000 will be calculated by the sub-committee and added to the employee's annual rate in the following year. Any amount in the employee health care reserve exceeding the \$750,000 balance will be used to offset future employee costs as determined by the sub-committee.

Sub Committee - The Association health care committee representatives (KPEA, KPESA, and KPAA) will have the authority to address the usage of any amount remaining above the \$750,000 requirement stated above. These monies can be used to pay down the employee share of the health care employee contribution or can be placed in the Employee Health Care Reserve account to pay down future costs or overages.

~~The choice to opt out will be made upon initial employment and will be irrevocable* unless a person is rehired after employment has been terminated more than 1 school year.~~

*Guidelines involving "qualifying event" and "pre-existing conditions" will be followed in accordance to the health plan document.
